# THE DC BIKE RIDE TEAM

## WELCOME TO THE 2026 DC BIKE RIDE!

THE DAY WE'VE ALL BEEN WAITING FOR IS FINALLY HERE!

Ten years ago, DC Bike Ride was founded on a simple but ambitious idea: to give people the opportunity to **experience the nation's capital** from the seat of a bicycle on **completely car-free streets**.

Over the past decade, **more than 75,000 riders** from all 50 states and countries around the world have experienced Washington in a way few ever do.

What began as a single-day event has evolved into **an annual tradition in DC** and one of the premier recreational cycling events in the country - welcoming **families, friends, coworkers, cycling clubs, and first-time riders** of every age and background.

Through partnerships with organizations like CareFirst BlueCross BlueShield and Events DC, the ride has **contributed more than \$300,000** to local nonprofits and community initiatives while expanding Graduation on Wheels, which has now **provided more than 700 bicycles, helmets, and locks to DC Public Schools students** in underserved communities.

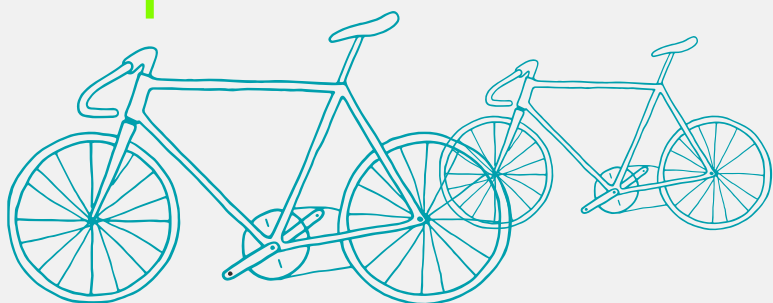

Today, a new wave of riders from across the region and beyond joins us to celebrate the simple joy of cycling, promote healthier living, activate public spaces, and inspire active transportation. **Get ready to roll past our city's most treasured landmarks** while enjoying **live music, delicious food, and a sea of good vibes**.

We'd like to extend **our deepest appreciation** to Mayor Bowser, the DC City Council, and all our city and federal public safety collaborators; to our amazing partners and hundreds of volunteers - **this event simply wouldn't be possible** without their support and dedication.

And to you, our riders, we **thank you for being the heart of this event**. Your support fuels our mission of making bicycling safer and more accessible in the District.

Have a blast, stay safe, and enjoy every moment of our 10th anniversary!

# THE WASHINGTON AREA BICYCLIST ASSOCIATION

## DC BIKE RIDE FOUNDING PARTNER

**WABA**  
WASHINGTON AREA  
BICYCLIST ASSOCIATION

Dear Rider,

There's nothing quite like the feeling of cruising down car-free streets, surrounded by thousands of fellow bicyclists, taking in the city in a new way.

That's what makes DC Bike Ride so special - it shows us what's possible when we prioritize people over traffic.

At the Washington Area Bicyclist Association (WABA), we work to make that kind of experience not just a once-a-year celebration, but a reality every day.

We believe biking should be safe, convenient, and joyful—whether you're pedaling to work, picking up groceries, or riding with your kids.

Your presence at DC Bike Ride matters. You and the thousands of riders with you are showing policy-makers that lots of people will bike, especially if the streets are safely designed for it. So thank you for riding and showing us all what is possible.

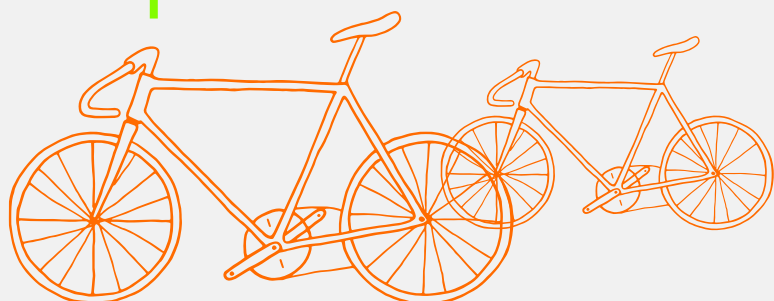

**Join WABA today and help build a region where biking is easy, inviting, and here to stay.**

Happy riding,

**Elizabeth Kiker**

Executive Director

Washington Area Bicyclist Association - WABA

## YOUR RIDE MAKES AN IMPACT

DC Bike Ride is proud to support the community by **donating a portion of our event proceeds to local non-profits and initiatives.**

We're thrilled to share that, to date, we've **donated over \$300,000.** This includes covering participation cost for **over 1,400 sponsored riders** who otherwise wouldn't have been able to join the celebration, and our successful flagship program, **Graduation on Wheels**, which directly impacts kids in underserved communities across the District.

## OUR COMMITMENT IN ACTION

This year, DC Bike Ride is proud to highlight the success of our third annual **Graduation on Wheels** initiative! We were thrilled to partner with **DC Public Schools (DCPS), CareFirst BlueCross BlueShield, Events DC and JK Moving** to celebrate this year's graduates.

On May 29, at Kenilworth Park, we provided over **300 DCPS students with new bikes, helmets, and locks** in celebration of students' graduation from Health and Physical Education (HPE) **Biking in the Park curriculum** - which teaches second-graders **how to ride a bike** and sets them up for a **lifetime of safe and fun bicycling experiences.**

DC Bike Ride was also honored to present each student with **Ride Passes so they and their families could continue the celebration and practicing their skills at the DC Bike Ride!** Be sure to stop by the CareFirst lounge to meet some of our Graduation on Wheels recipients.

None of this would be possible without our riders. **Thank you for riding with us and making a positive impact on the community!**
